Stunning Penthouse with Private Pool and Panoramic Views

Fortis CBS is excited to offer this unique four bedroom penthouse apartment in this brand new development in the great location of Puerto Santiago on the sunny west coast of Tenerife.

Puerto Santiago is a popular Spanish town on the west coast of Tenerife, an area known for its great year round climate. It has a multitude of local cafes, shops and restaurants and a natural black sand beach and nearby rockpools. From Puerto Santiago, you can easily reach on foot the adjoining towns of Playa de la Arena with its larger beach and great number of restaurants and the popular resort of Los Gigantes with its stunning cliffs and attractive harbour area.

This stylish building, where construction is now completely finished features just 18 apartments and is situated on a quiet residential street opposite an attractive plaza and children's play park making it a great family location whilst the seafront can be reached on foot in less than 10 minutes meaning this is also a great place for holidays. The building has been fitted with solar panels, water filtration system, lifts to all floors and also features a heated rooftop pool and solarium.

The development features mostly two and three bedroom apartments however the building is topped by one unique four bedroom duplex penthouse apartment. This incredibly spacious apartment offers an expansive living area developed over two levels. At entrance level can be found three double bedrooms with fitted wardrobes, and two family shower rooms both with walk in showers. The main living-dining-kitchen space is fully open concept and a great size at over 30m². The kitchen is functional yet chic and enjoys a feature central island, integrated appliances plus the added bonus of a convenient separate pantry/laundry room. The whole space is open and exceptionally bright due to the feature window and large patio doors which lead seamlessly out to the 56m² terrace with unrivalled panoramic ocean views; simply breathtaking. The upper level can be reached by either internal or external stair and is home to the largest of the bedrooms with its own en suite shower room and access out to the upper pool terrace. This incredible space has a stunning front facing open terrace of 26m² stylishly finished with the same wood effect tiling as the interior, meaning that the concept of inside-outside living is truly embraced here, whilst the compact private pool is situated in a raised lateral area. Of course the views from this whole space are absolutely unparalleled, encompassing the whole resort, coastline and out to the ocean beyond.

This is once in a lifetime opportunity to purchase a brand new, truly unique property with unbeatable ocean views.
